Ideas

Ideas

**Create simple and visual collaboration canvases
for flexible and creative workshops.**

Start bringing your colleagues together **to better collaborate.**

Manage your Ideas Boards
and share creative workshops
with your teams.

The screenshot shows a web browser window with three tabs: 'Ideas', 'La Suite numérique', and 'Onepoint'. The main content area displays the 'Ideas' platform. At the top, there are three buttons: 'All Ideas Boards' (selected), 'My Ideas Boards', and 'Shared with me'. A large blue button on the left says '+ New Ideas Board'. Below it, a card for 'Ongoing projects' from 3 hours ago is shown, along with other cards for different projects. Each card displays a grid of colored sticky notes representing ideas or tasks.

Play with creative tools
that are as essential
as they are fun.

Sticky notes, drawing tools, laser tool...
And an Albert AI powered meme generator
to bring fun to your meetings !

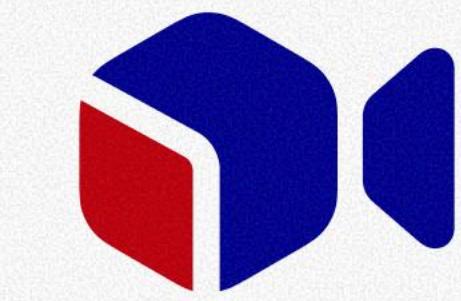

tldraw The Albert AI logo icon consists of the word "Albert" in a bold, sans-serif font, where the letters A, l, b, e, r, t are colored blue, red, blue, red, blue, red respectively.

Leveraged Albert AI and open source frameworks
(React, fastify, FastAPI, tldraw, memegen)

Ideas can't wait to be ingrated in **Visio**
to boost the creative meetings you need.

Need a demo ?
Ideas is live.

onepoint.
beyond the obvious
